§ 250.43

used by public-utility companies in the ordinary course of their business and the preparation, distribution and/or sale of material and services related wholly to such names and marks.

(d) Section 9(a)(2) shall not apply to the acquisition by a person who is neither a registered holding company, nor a subsidiary company thereof, of securities owned by a registered holding company, or subsidiary thereof, which are the subject of a divestment order under section 11(b), where such securities constitute all the vendor's interest in a company which does not operate any utility assets and which is a public-utility company only by reason of the ownership of a reversionary interest in utility assets: *Provided*, That such utility assets are operated under lease by a company which is not an affiliate of either the vendor or of the vendee, and the Commission finds that by reason of the duration of the lease, the ownership by the lessee of securities of the lessor and similar matters, there is no substantial probability of the lessor resuming operation of said utility assets. Such finding of the Commission may be made in connection with an application by the vendor company with respect to such sale.
